

K-LOVE Serves thousands of listeners with positive family reinforcement. K-LOVE also provides wholesome values and has an encouraging uplifting impact on my community and across America. Please do not allow this valuable programming to be forced off the air with an LPFM which may not have the same family firendly programming as K-LOVE. Personally, my whole family has come to depend on K-LOVE on a 24 hours basis for news, music, and encouragmnet. It is the first thing i listen to in the morning on my way to work and the last thing I listen to befor bed. It has been instrumental in lowering my blood pressure, and providing incredible peace after a long day at work. Thank you so much for your time, Arden Silva
